Our Simple 4-Step Countertop Replacement Process

1. Countertop Selection The first step in replacing your countertops is selecting your countertop surface and color. All of Solid Surfaces, Inc.'s (SSI) kitchen and bath dealers offer a staff of creative design consultants and a showroom filled with dazzling countertops to choose from. If purchasing granite, we suggest visiting our plant to personally select your slab.

Select Your Countertop Surface:

Corian® Solid Surface

- Seamless appearance
- Available in more than 100 colors with many different aesthetics and patterns
- Can be cut and formed to create unique shapes and curves, complex edge details, custom drain boards and trivets
- Nonporous and never needs to be sealed
- Nicks and scratches are easy to buff away

Zodiaq® Quartz Surface

- Consistent color and pattern
- Available in more than 29 colors with various edge profiles
- As strong as granite and marble
- Won't split or crack
- Nonporous and never needs to be sealed

Artisan™ Granite

- Natural Stone mined exclusively from quarries around the world
- Unique colors and superior quality
- This product has a lifetime installed warranty. It is the only granite on the market with this guarantee!

Other Products:

Customization

Custom edging, backsplashes and sinks are the finishing touches that will take your new kitchen or bath to a whole new level of beauty. SSI offers a variety of options in edge profiles, backsplashes and sinks.

2. Templating

After your countertop surfaces and options are selected, the next step is the measurement and templating process. SSI will visit your home or construction site to measure and create digital templates for fabricating your countertops.

3. Fabrication

Once the templates are complete, we use a state-of-the-art production system to fabricate your brand new **custom** countertops.

4. Installation

The final step in the Solid Surfaces, Inc. experience is installation. Our team of professionals specialize in on-time, precision installation. We even remove your old countertops and help with electrical and plumbing to offer a turn-key countertop replacement process.
